

DTEN ONboard

Complete the Collaboration Experience

SOLUTION OVERVIEW

The Ideal Companion Whiteboard for Existing Meeting Spaces

The DTEN ONboard is the Ultimate Collaboration Centerpiece for the New Hybrid Workflow.

Built for intuitive, seamless interaction, the ONboard's sleek product design and styling elicits interaction in any space.

With a single tap of the screen, users can launch into a new whiteboard experience, drive dynamic presentations, or continue an existing collaboration session.

reddot winner 2022

An Essential Addition to Any Existing Zoom Rooms System

When added to an existing Zoom Rooms system, the ONboard serves as a dedicated presentation and whiteboarding space, reserving greater screen share and boosting meeting equity for remote participants.

Boost Meeting Equity for Hybrid Teams

- Display up to 49 participants on the main Zoom Rooms display, with dedicated presentation and collaboration space on the DTEN ONboard.

Plays Nicely with Others

- As Companion Whiteboard, ONboard seamlessly integrates with other attached Zoom Rooms devices including Zoom Rooms controllers, soundbars and video capture equipment.

Key Features

- Standalone or Companion Whiteboard appliance
- 4K multi-touch display with built-in Zoom Rooms software
- Simplified user-first design: simply tap the screen to collaborate
- Optimized for use with the latest Zoom Rooms whiteboard functions: persistent whiteboard, infinite canvas, sticky notes and more
- Native support for digital signage via Zoom Rooms' Kiosk Mode functions
- An ideal solution for the new Zoom Workspace Reservations system

As a Standalone Collaboration Appliance

The ONboard's 55" 4K multi-touch display combines crisp visuals with intuitive user interaction.

When mounted on a rolling AV cart, the ONboard instantly transforms lobbies and common areas into the epicenter for group collaboration.

An Unparalleled Touch Experience

- Responsive, natural-feeling interactions with 10-point capacitive touch input works at the speed of your ideas.

Real Ideation

- Experience boundless, infinite brainstorming sessions and collaborate both in-meeting and out of meetings, at your own pace and respective of your colleagues' schedules.

A Versatile Endpoint for Zoom Rooms Kiosk Mode & Workspace Reservation

The ONboard is an ideal resource for Zoom Rooms Digital Signage where it can display a dynamic multimedia playlist while idle.

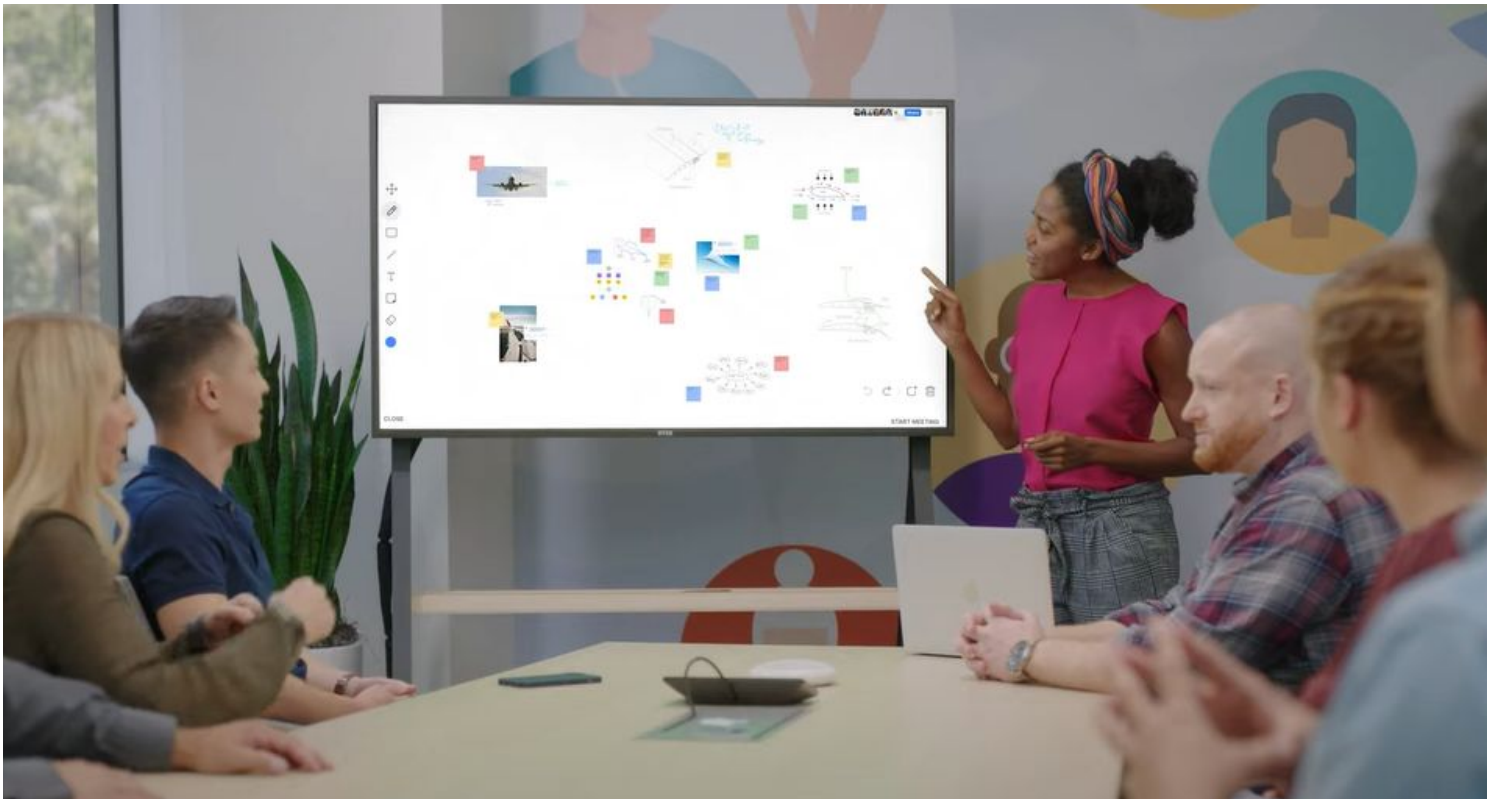

Simply tap the screen to return to a wayfinding map for Workspace Reservation or pick up where you left off in a whiteboard session.

Digital Signage Display

- Display a range of multimedia content in brilliant 4K resolution (Still imagery, video and dynamic online content)

An Interactive Wayfinding Map

- Navigate a facility map to reserve a flexible workdesk for the day or book a meeting room for an hour

Set up is a Snap, Right Out of the Box

In minutes, the DTEN ONboard is out of the box and ready for its first collaboration session.

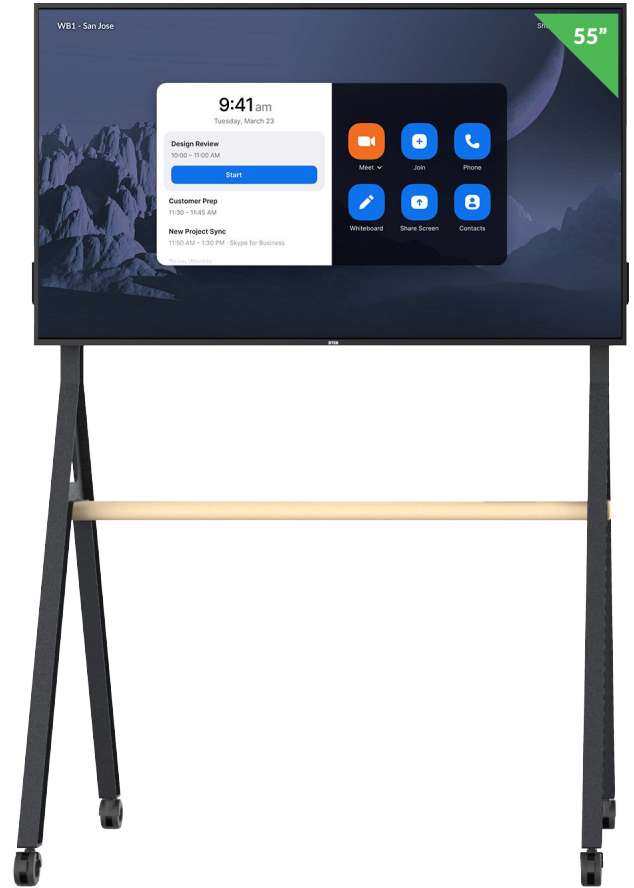

Easy Networking and Configuration

- Ready to connect over Wifi or Ethernet, pairing the DTEN ONboard with an existing Zoom Rooms account is instant and hassle-free.

All Mounting Hardware Included in Box

- For easy deployment and installation, the DTEN ONboard includes universal mounting points for use with standard wall and AV carts.

For added convenience, the ONboard comes supplied with a universal VESA wall mount, right in the box.

55" HECKLER Cart DC03H965 sold separately.

Optimized for Zoom Whiteboard:

Expandable Canvas

Pinch and Zoom to keep expanding collaborations on a single Zoom Whiteboard.

Sticky Notes

Type the notes needed for the place you need them.

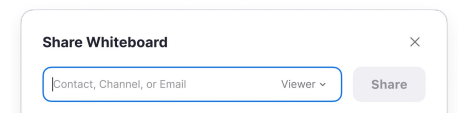

Persistent

Zoom Whiteboards can be accessed at any time, in or out of a Zoom Meeting.

Shape & Connectors

Shapes are easily detected, and connectors can instantly be made.

Easy Sharing

Tag anyone with a Zoom account in chat or email to add them to a project.

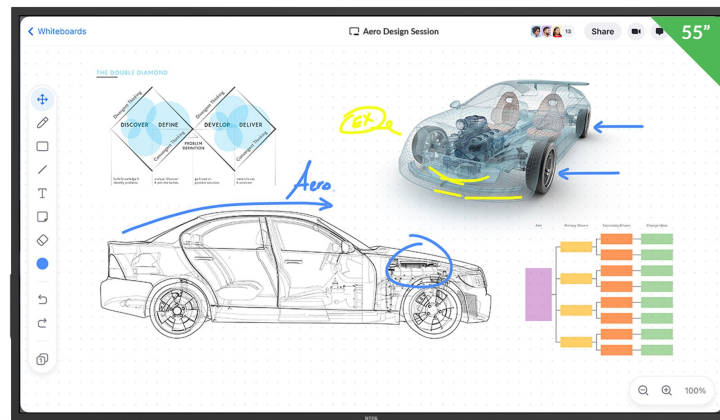

Drag & Drop Images

Easily add images to a Zoom Whiteboard.
